

COVID-19 2021 Summer Safety Update

Let's keep our campers & community safe

We will continue to update our safety practices as new insight is available (5-4-2021)

BEFORE You Come to Camp

Individuals at high risk of serious illness with COVID-19 should consider speaking with their doctor before attending camp

Let's Each Do Our Part

► Protect Yourself & Others

- Stay home if you are sick
- Wash your hands often
- Keep your hands away from nose & mouth
- Avoid close contact with people who are sick
- Expanded employee training about COVID-19 and prevention measures
- Bring your mask with you

► Added Health Checks

- Each day, take your temperature *BEFORE* leaving your home
- If your temp reads 99.0 or above, stay home
- This also applies to camp counselors & staff

► WW COVID-19 Health & Safety Guidelines

- Read & observe these guidelines
- Watch for updates

Arriving & Leaving

Mandatory Car Lines

► Arrival Car Line

- Upper School students will use the North Entrance of the Midway campus. Parents may leave when they see students enter the building
- Make sure you wear required mask*
- Staff will check your temperature upon entering the building and remind you to use hand sanitizer

► Leaving Car Line

- Students will be dismissed from the North Entrance by a staff member once they see their parent's car
- Students who drive themselves should park in the student side lot to the East of the building and enter through the North Entrance

DURING Camp

We'll Still Have Fun - Safely

- Share age-appropriate info about how we work together to protect ourselves from COVID-19
- Encourage frequent handwashing – hand sanitizer will be provided when soap & water are unavailable
- Emphasize respiratory etiquette
- Temperature checks for campers, counselors & staff

► Safe Distancing

- We've adjusted classroom, outdoor & gym activities
- Gym will include safe distancing signs & reminders
- Healthy snacks & utensils individually wrapped
- Focus on handwashing before & after eating

► Masks**

- Masks for staff or students are at the discretion of the family, student, or staff member.

► Our Campus

- Specialized medical grade air purifiers in every classroom & common area
- Signs to encourage important behavior
- Increased controls on who can visit campus

► If Someone Gets Sick

- Anyone with fever or COVID-19 symptoms will be isolated, assessed and if appropriate sent home

If COVID-19 suspected or confirmed, the camp will

- Communicate clearly with those involved
- Coordinate with local & state health departments

***Individuals with suspected or confirmed COVID-19 can return to camp when ALL 3 of these criteria met**

1. at least 10 days have passed since symptoms first appeared
2. symptoms have improved (e.g., cough, shortness of breath); and
3. at least 24 hours has passed with no fever & no fever-reducing medications

***Individuals with fever and no COVID-19 symptoms can return to camp when at least 24 hours have passed without fever (no medication)**

Click [here](#) & see "Personal Health" for more details

AFTER Camp

► Intensified Daily Cleaning & Disinfecting

- Misting with sanitizer/disinfectant combo
- Extra focus on high activity areas & equipment

► Protect Others

- Consider avoiding those who are at high risk of serious illness if they catch COVID-19

Expert Guidance, Community & Values

We've enhanced the way we do safety to protect and serve our entire community. Our decisions are informed by our core values as well as guidance from experts in childcare, education and COVID-19 including:

- Mandates by Texas & Dallas county government officials
- [TEA SY 20-21 Public Health Planning Guidance](#)
- Texas Childcare Licensing: [Checklist for Childcare Centers](#)
- CDC: [Guidance for Operating Youth and Summer Camps During COVID-19](#)
- [TEA Summer Program Operational Considerations](#)
